

Bona Traffic Naturale®

Preserves the true natural look of hardwood floors by providing as close to an untreated look as possible.

Bona Traffic Naturale® is the next generation of wood floor protection that preserves the true natural look of hardwood floors, while still maintaining its superb, Traffic-like durability. This waterborne commercial and residential hardwood floor finish will get you as close to an untreated look as possible while giving you a smooth and easy to clean surface. The natural appearance also makes scratch marks much less visible.

- Durability equivalent to Bona Traffic®
- Extreme low sheen level and gives a natural “raw wood” appearance
- Forgiving application and seamless touch-up on repairs
- 100% cure in 7 days
- Nonflammable with a non-offending odor
- Available in Commercial Matte
