

SAFETY DATA SHEET (SDS)

	Section 1. Identification		
Product identifier DOVE	R FINISHING PRODUCTS WHITE OPAQUE+PRIMER 76830X-313+330/PRÉFONTAINE 333-XXX		
Other means of identification None			
Recommended use and restrictions on use Paint/Aerosol			
Initial supplier identifier PEINTURES PRÉFONTAINE 645 boul. St-Joseph Drummondville, Qc J2C 6J5 - (800) 563-2393			
	DOVER FINISHING PRODUCTS 180 avenue du Voyageur Pointe-Claire QC H9R 6A8 - (800) 354-4445		
Emergency telephone number/restriction on use Canada – CANUTEC 24 hour number 613-996-6666			
	Section 2. Hazard identification		
Classification of hazardous product (name of the category or subcategory of the hazard class)			
Extremely flammable aerosol	(Category 1)		
Skin irritation (Category 2)			
Eye irritation (Category 2A)			
Aspiration hazard (Category 1)			
	- single exposure (Category 3)		
Carcinogenicity (Category 2)			
Reproductive toxicity (Catego			
· · · · · · ·	repeated exposure (Category 2)		
Information elements (symbols, signal words, hazard statements and precautionary statements of the category/subcategory)			
Danger			

H222 Extremely flammable aerosol. H229 Pressurized container: may burst if heated. H304 May be fatal if swallowed and enters airways. H315 Causes skin irritation. H319 Causes serious eye irritation. H336 May cause drowsiness or dizziness. H351 Suspected of causing cancer. H361 Suspected of damaging fertility or the unborn child. H373 May cause damage to organs through prolonged or repeated exposure.

*** May displace oxygen and cause rapid suffocation. P201 Obtain special instructions before use. P202 Do not handle until all safety precautions have been read and understood. P210 Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking. P211 Do not spray on an open flame or other ignition source. P251 Do not pierce or burn, even after use. P261 Avoid breathing dust/fume/gas/mist/vapours/spray. P264 Wash hands/nails/face thoroughly after handling. P271 Use only outdoors or in a well-ventilated area. P280 Wear protective gloves/ protective clothing/ eye protection/ face protection. P301+P310 IF SWALLOWED: Immediately call a doctor. P331 DO NOT INDUCE VOMITING. P302+P352 IF ON SKIN, Wash with plenty of water for several minutes. P332 + P313 If skin irritation occurs: Get medical attention. P362+P364 Take off contaminated clothing and wash it before reuse. P305+P351+P338 IF IN EYES, Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. P337 + P313 If eye irritation persists: Get medical attention. P304 + P340 IF INHALED: Remove person to fresh air and keep comfortable for breathing. P312 Call a doctor if you feel unwell. P308 + P313 IF exposed or concerned: Get medical attention. P410+P412+P403+P233 Protect from sunlight. Do not expose to temperatures exceeding 50 °C/122 °F. Store in a well-ventilated area. Keep container tightly closed. P405 Store locked up. P501 Dispose of contents/container into safe container in accordance with local, regional or national regulations.

hyxiants (Category 1)	A gas that is a simple asphyxiant***	
h	yxiants (Category 1)	yxiants (Category 1) A gas that is a simple asphyxiant***

Other hazards known	Simple Asphyxiants (Category 1) A gas that is a	a simple asphyxiant***				
Section 3. Composition/information on ingredients						
Chemical name (common name/synonyms)		CAS number or other	Concentration (%)			
Acetone		67-64-1	15-40			
Butane		106-97-8	10-20			
Propane		74-98-6	10-20			
2-Butoxyethanol		111-76-2	< 3			
Propylene glycol methyl ether		107-98-2	< 3			
Titanium dioxide		13463-67-7	1-5			
Nitrocellulose		9004-70-0	< 3			
Butanol		71-36-3	1-5			
Butyl acetate		123-86-4	7-13			
Ethanol		64-17-5	3-7			
Butylated resin		68002-25-5	< 3			
Carbon black		1333-86-4	< 0.1			
Xylenes		1330-20-7/106-42-3	< 3			
* Statement - This safety data sh	eet provides concentration range(s) instead of the actual concentration	n(s) by weight (except for gases/propellants b	y volume) considered trade secret(

	Section 4. First-aid measures
Inhalation	IF INHALED: Remove person to fresh air and keep comfortable for breathing. Call a doctor if you feel unwell.
Ingestion	IF SWALLOWED: Immediately call a doctor. DO NOT INDUCE VOMITING. NEVER give anything by mouth i
	victim is rapidly losing consciousness, or is unconscious or convulsing. Rinse mouth thoroughly with water. Hav
	victim drink two glasses of water. If vomiting occurs naturally, have victim lean forward to reduce risk of aspiration.
Skin contact	IF ON SKIN, Wash with plenty of water for several minutes (15-20). If skin irritation occurs: Get medical attention.
Eye contact	IF IN EYES, Rinse cautiously with water for several minutes (15-20). Remove contact lenses, if present and easy t
	do. Continue rinsing. If eye irritation persists: Get medical attention.
	is and effects (acute or delayed) Eye or skin irritation.
Indication of immediate r	nedical attention/special treatment In all cases, call a doctor. Do not forget this document.
	Section 5. Fire-fighting measures
Specific hazards of the ha	zardous product (hazardous combustion products)
	ritant/toxic gases and fumes.
Suitable and unsuitable e	
	dioxide, chemical powder agent and appropriate foam to extinguish.
	ient and precautions for fire-fighters
	ic smoke and fumes may be generated. Do not enter fire area without proper protection. Firefighters should wear prope
	elf-contained breathing apparatus with full facepiece. Shield personnel to protect from venting, rupturing or bursting cans
Move containers from fire a	rea if it can be done without risk. Water spray may be useful in cooling equipment and cans exposed to heat and flame.
	Section 6. Accidental release measures
Personal precautions, pro	ective equipment and emergency procedures
	completion of clean-up. Ensure clean-up is conducted by trained personnel only. All persons dealing with clean-up should
	tive equipment (See Section 8).
	or containment and cleaning up
	Stop the leak if it can be done safely. Contain and absorb any spilled liquid concentrate with inert absorbent material, the
	ner for later disposal (see Section 13). Contaminated absorbent material may pose the same hazards as the spilled produc
Notify the appropriate authority	
	Section 7. Handling and storage
Precautions for safe hand	ling
	otective clothing/ eye protection/ face protection. Protect from sunlight. Do not expose to temperatures exceeding 5
	m heat/sparks/open flames/hot surfaces No smoking. Do not spray on an open flame or other ignition source. Do not
	se. Use only outdoors or in a well-ventilated area.
	r important that engineering controls are operating, and that protective equipment requirements and personal hygien
measures are being follows	ed. People working with this chemical should be properly trained regarding its hazards and its safe use. Inspect container
	Label containers appropriately. Ensure proper ventilation. Do not breathe dust/fume/gas/mist/vapours/spray. Avoi
	clothing. Keep away from heat, sparks and flame. Avoid generating high concentrations of dusts, vapours or mists. Kee
	naterials (Section 10). Keep containers closed when not in use. Empty containers are always dangerous. Refer also t

Use a NIOSH approved respirators if the exposure limit protective gloves (impervious), and other protective clothing to prevent prolonged or repeated skin contact, must be wort ons. Wear protective chemical splash goggles to prevent mists from entering the eyes. Wash hands/nails/face thoroughl drink or smoke when using this product. Practice good personal hygiene after using this material. Remove and was

Section 9. Physical and chemical properties					
Physical state Liquid (aerosol)	pH Not available				
Colour Various colours	Kinematic viscosity Not available				
Odour Characteristic	Solubility Not available				
Melting/freezing point Not available	Partition coefficient - n-octanol/water (log) Not available				
Initial boiling point/ initial/range Not available	Vapour pressure Not available				
Flammability Extremely flammable aerosol	Density/relative density 0.8-1.2				
Upper and lower flammability/explosive limits Not available	Relative vapour density Heavier than air				
Flash pointNot available (flame projection < 100 cm & flashback)	Particle characteristics Not available				
Auto-ignition temperature Not available	VOC Not available				
Decomposition temperature Not available	Other None known				
Section 10. Stabil	ity and reactivity				
Reactivity					
Does not react under the recommended storage and handling conditions pre-	scribed.				
Chemical stability					
Stable under the recommended storage and handling conditions prescribed.					
Possibility of hazardous reactions					
Keep away from heat, hot surfaces, sparks, open flames and other ignition	sources. Do not pierce or burn, even after use. Protect from sunlight. Do				
not expose to temperatures exceeding 50 °C/122 °F.					
Conditions to avoid (static discharge, shock or vibration)					
	n sources. No smoking. Do not spray on an open flame or other ignition				
source. Do not pierce or burn, even after use. Protect from sunlight. Do not	ot expose to temperatures exceeding 50 °C/122 °F.				
Incompatible materials					
Oxidizing materials; etc.					
Hazardous decomposition products					
None known					
Section 11. Toxicol	ogical information				
Information on the likely routes of exposure (inhalation, ingestion, sk	in and eye contact)				
May be fatal if swallowed and enters airways. Causes skin irritation. Cause	es serious eye irritation. May cause drowsiness or dizziness. May displace				
oxygen and cause rapid suffocation. Suspected of causing cancer. Suspect	ed of damaging fertility or the unborn child. May cause damage to organs				
through prolonged or repeated exposure.					
Symptoms related to the physical, chemical and toxicological character					
Skin irritation, redness, stinging, pain; Eye irritation, redness, tearing;	; Respiratory tract irritation, coughing, shortness of breath, dizziness,				
drowsiness, nausea and headaches.					
Delayed and immediate effects (chronic effects from short-term and le	ong-term exposure)				
Skin Sensitization - No data available; Respiratory Sensitization - No data					
- Ingredient listed by IARC, ACGIH, NTP; Reproductive Toxicity - Pe					
Specific Target Organ Toxicity — Repeated Exposure – Possible; Aspiration Hazard – Possible; Health Hazards Not Otherwise Classified – No					
data available.					
Numerical measures of toxicity (ATE; LD ₅₀ & LC ₅₀)					
CAS 67-64-1 LD50 Oral - Rat - 5800 mg/kg; LC50 Inhalation - Rat - 8 h - 50100 mg/m ³ ; LD50 Dermal - Guinea pig - 7426 mg/kg; CAS 111-76-2					
LD ₅₀ oral, rat 880 mg/kg & LD ₅₀ dermal, rabbit 1060 mg/kg; CAS 107-98-2 LD ₅₀ Oral - Rat - 6600 mg/kg; CL ₅₀ Inhalation - Rat - 4 h - 7000 ppm;					
LD ₅₀ Dermal - Rabbit - 13000 mg/kg; CAS 123-86-4 Oral, rat LD ₅₀ 10760 mg/kg; CAS 1330-20-7 LD ₅₀ Oral - Rat - 3523 mg/kg; LC ₅₀ Inhalation					
- Rat - 4 h - 5000 ppm; CAS 71-36-3 LD ₅₀ Oral - Rat - 790 mg/kg; LC ₅₀ Inhalation - Rat - 4 h - 8000 ppm; LC ₅₀ Dermal - Lapin - 3400 mg/kg;					
CAS 64-17-5 LD ₅₀ Oral - Rat - 7060 mg/kg; LC ₅₀ - Mouse – 21000 ppm 4H; ATE not available in this document.					
Section 12. Ecological information Ecotoxicity (aquatic and terrestrial information) No data available for this product.					
Persistence and degradability No data available for this product. Biogeogramulative metantial No data equilable for this product.					
Bioaccumulative potential No data available for this product. Mability in coil No data available for this moduat					
Mobility in soil No data available for this product. Other adverse effects No data available					
Section 13. Disposal considerations					
Information on safe handling for disposal/methods of disposal/contaminated packaging Dispose of contents/container into safe container in accordance with local, regional or national regulations.					
Dispose of contents/container into safe container in accordance with local	, regional or national regulations.				

	Section 14. Transport information				
UN number; Pr	oper shipping name; Class(es); Packing group (PG) of the TDG Regulations				
UN1950; AEROSOLS; CLASS 2.1					
UN number; Proper shipping name; Class(es); Packing group (PG) of the IMDG (maritime)					
	UN1950; AEROSOLS; CLASS 2.1				
	oper shipping name; Class(es); Packing group (PG) of the IATA (air)				
	SOLS, FLAMMABLE; CLASS 2.1				
	Special precautions (transport/conveyance) May also be shipped as a LIMITED QUANTITY in accordance with TDG.				
Environmental hazards (IMDG or other) None					
Section 15. Regulatory information					
Safety/health C	anadian regulations specifics Refer to Section 2 for the appropriate classification. This product has been classified in accordance				
F • • •	with the hazard criteria of the Hazardous Products Regulations (HPR).				
	Canadian regulations specifics Refer to Section 3 for ingredient(s) of the DSL				
	nvironmental outside regulations specifics				
	SHA information: This product is regulated according to OSHA (29 CFR).				
	PA (Environmental Protection Agency) information: 40 CFR Refer to the ingredients listed in Section 3 & Sections 12; 13 & 14.				
	CSA information: Refer to the ingredients listed in Section 3.				
	otection Association (NFPA):				
HEALTH: 2	FLAMMABILITY: 4 INSTABILITY: 1 SPECIAL HAZARDS: Refer to Section 2 & 3.				
	LE: $0 = Minimal$ $1 = Slight$ $2 = Moderate$ $3 = Serious$ $4 = Severe$				
Proposition 65:	WARNING This product contains Titanium dioxide (CAS 13463-67-7); Carbon black (CAS 1333-86-4) known to the State of				
California to cau	ise cancer or other reproductive harm.				
	Section 16. Other information				
	st revision of the safety data sheet April 12, 2023 version 1 (NSS ENTREPRISE INC.)
