

Polarshine® VF5

Technical data sheet

Product information

Water borne polishing compound designed to remove compound swirl marks and fine sanding marks on paints and clear coats, leaving a high gloss finish. Also suitable for blending old and fresh paint work.

Product advantages

- Produces a hologram free finish
- Silicone free

Surfaces

- Clear coats
- Top coats

Polishing machine

- Random orbital polisher 6000 - 10000 rpm
- Rotary polisher 800 – 1100 rpm

Polishing pad

- Black foam pad

Product properties

Polish, gloss:

Work instruction

1. Shake or stir polishing compound before use
2. Do not use too much compound at a time. Use a small amount which is consumed on a focused area - less messing and clean up!
3. Clean thoroughly before and after polishing
4. Work focused on an area of 40x40 cm at a time
5. Polish until a scratch free surface is achieved
6. Keep the pad clean, a dirty pad causes deep swirls and scratches

Technical specifications

Density: 1 kg/l
Viscosity: 20,5 Pas
Colour: Grey
pH: 7-9

Storage recommendations

Recommended storage temperature:
5° - 35° C / 41° - 95° F
Keep from freezing
