

NEW!

Bona Domo™

A STEP AHEAD FOR WATERBORNE FINISHES

Bona Domo™ is the newest member of the Bona family of finishes. This waterborne finish is easy to abrade and has a quick drying formula.

Easy and forgiving to apply with a roller or T-bar. The one-component, non-yellowing formulation comprises all essential properties for finishing and protecting wood floors. And because it's waterborne with low VOCs, Bona Domo provides a healthy environment.
