Choosing the right spray gun for you

M-MODEL™ SERIES

For weekend warriors and hobbyists

7001/7003 (1 QT. Bottom Feed Cup)
7002G (400cc Gravity Feed Cup)

Convertible spray gun that can easily switch from bottom feed to gravity feed and vice versa

Dedicated Fan Pattern Control adjusts from 1" circular to 12" wide

0.8mm to 2.0mm
air cap sets available

T-MODEL™ SERIES

For professionals and serious hobbyists

5070 (1 QT. Bottom Feed Cup)
5175G (600cc Gravity Feed Cup)

20% lighter than most spray guns on the market allows for easy maneuvering and less fatigue

Obtain a professional finish with the ultimate flexibility and control

Patented Side-mounted Fan Pattern Control™ for full incremental adjustments from 0.5" circular to 15" wide

0.8mm to 2.5mm
air cap sets available

G-XPC™

For professionals requiring flexibility

9600-G-XPC
(400cc Gravity Feed Cup)

Side-mounted cup with Swivel N' Set™ adjustable feature allows the operator to spray in different orientations

Convenient cup assembly kick stand for ease in filling the cup

Side-mounted fan pattern control allows quick adjustment from 1" circular to 12" wide

0.7mm to 2.2mm
air cap sets available

Choosing the best HVLP system for you
